

CITF Project Report April 16, 2023

Solar Bench. No Updates

Pollinator Habitat.

- City Council has approved naming the to-be-planted heritage garden on Fort Street the Hoffart-Henderhan Memorial Garden.
- ReSolve Studios has offered to have its graphic design intern create a sign design for the memorial garden. We will then approach Jordana Bungard of West Side Signs to make and install it.
- Chase Chovan of Monkey's Uncle Tattoo is donating the \$540 proceeds from the Bizarre Bazaar to the pollinator habitat. The coordinating committee is planning to use it to purchase the sign.
