Callie Lyons is a journalist and author living in the Mid-Ohio Valley. She is chief researcher for the Murdaugh Murders Podcast. Her 2007 book, "Stain-Resistant, Nonstick, Waterproof and Lethal: The Hidden Dangers of C8," was the first book to reveal the prevalence and danger of the PFAS family of highly fluorinated compounds used by industry in the manufacture of Teflon and thousands of other consumer applications. Lyons is also a contributor to Mid-Ohio Valley Climate Corner, a column published weekly by *The Parkersburg News-Sentinel*.

MOVCA greatly appreciates a grant from the **Mountain Watershed Association Direct Support Fund** in support of our anti-plastic campaign. The Direct Support Fund is made possible by The Heinz Endowments, The 11th Hour Project and The Plastic Solutions Fund and is a project of the Mt. Watershed Association.
